Summary

B.Tech Computer Science and Engineering student (3rd year) with strong foundations in data structures, algorithms, and object-oriented programming. Experienced in developing academic projects using web technologies. Actively seeking opportunities to apply problem-solving and software development skills through internships and mock interviews.

Skills

- **Programming Languages:** C, C++, Java, Python
- **Data Structures & Algorithms:** Arrays, Linked List, Stack, Queue
- **Core CS Subjects:** OOPS, DBMS, Operating Systems
- **Web Technologies:** HTML, CSS, JavaScript, React.js, Node.js, Express.js
- **Databases:** MongoDB
- **Tools:** Git, GitHub, VS Code
- **Soft / Professional Skills:** Communication, Problem Solving, Teamwork, Adaptability

Academic Projects

E-Commerce Web Application

Technologies: HTML, CSS, JavaScript

- Built a responsive e-commerce website with product listing, cart, and basic checkout using HTML, CSS, and JavaScript.
- Implemented frontend logic for user interaction and dynamic product display.

Real-Time Ambulance Tracking System

Technologies: HTML, CSS, JavaScript, React.js, Node.js, Express.js, MongoDB, RESTful API

- Developed a real-time ambulance tracking system using backend services and APIs to fetch live GPS data.
- Integrated frontend with backend APIs to display live ambulance location and routes

Education

Bachelor of Technology (B.Tech) – Computer Science and Engineering

College Name – Raj kumar Goel Institute of Technology ,Ghaziabad, Uttar Pradesh

Year of Passing: 2027

Current CGPA: 8.5/ 10

Training

Training Program: Self-Learning & Academic Project Development

Organization Name: Self-Learning

- Learned and implemented HTML, CSS, and JavaScript for frontend web development and responsive UI design.
- Applied backend concepts and API integration to build mini-projects, including an e-commerce website and a real-time ambulance tracking system with live data handling.

Achievements & Activities

- Solved 120+ problems on LeetCode
- Participated in coding contests and hackathons

Certifications

- Data Analytics with python – (NPTEL)(Apr 2025)
- Developing Soft skills and Personality - (NPTEL)(Dec 2025)
- Introduction to Internet of Things - (NPTEL)(Dec 2025)

Extra Curricular/ Sports Activities

Volleyball & Chess

Role: School-Level Player

Contribution:

- Represented the school in inter-school volleyball and chess competitions.
- Demonstrated teamwork, strategic thinking, and competitive discipline.
- Balanced academics with regular practice and tournament participation.
(Jun 2017 – Mar 2021)
